

FEE WAIVER INFORMATION

If your family receives SNAP, you may be able to just complete the fee waiver form.

If you received an email directly from the Nutrition Department telling you we received your students' names from Iowa Health & Human Services, you can complete the fee waiver form only. We do not need an application from your family. (We must have an updated email address on file in your parent portal for the primary parent to email you the approval notification letter.)

If you are completing an online application (quickest approval time) the fee waiver form is part of the online application process. You will just need to select the appropriate box. Online applications are completed at www.schoolcafe.com

If you are unable to complete an online application, you may print and return the paper application. The fee waiver is included on page 2 of the application packet.

If you need help, please reach out to DeeAnna Serres at deeanna.serres@norwalkschools.org or Michelle Stockwell (michelle.stockwell@norwalkschools.org in the Nutrition Department.
