

Diet Modification Request Form

Complete this form (top section: parent/guardian, remainder: medical professional) and return to the provider.

Name of provider: _____
(school, head start, summer meal provider, day care, or home provider)

Student/Participant Name: _____ Birth Date: _____ Grade: _____

Parent/Guardian Name: _____ Phone: _____ Email: _____

USDA allows a parent/guardian to supply substitute foods. Check here if you wish to provide the substitute foods:

Infants under one year of age must receive iron-fortified infant formula or breast milk unless a Diet Modification Request Form is on file.

The parent/guardian may request a nutritionally equivalent substitute for fluid milk. This provider chooses to offer _____ as the nutritionally equivalent milk substitute. Check here if you would like to request the milk substitute listed in place of fluid milk and list the reason for the request: _____

Parent/Guardian signature: _____ Date: _____
(To provide permission for a medical professional to complete the form and share information as needed with the appropriate staff to make accommodations.)

The remainder of the form must be completed by an approved medical professional. In Iowa this includes Registered Dietitians or a "medical authority" that is authorized by state law to write medical prescriptions: Medical Doctors (MD), Doctors of Osteopathic Medicine (DO), Physician's Assistants (PA), Advanced Registered Nurse Practitioners (ARNP) or Dentists (DDS or DMD).

Medical professional: _____
(Name, print or type) (Title)

(Signature of medical professional) (Date)

Modifications are required by The U. S. Department of Agriculture (USDA) to accommodate a disability. Under Section 504, the ADA, and Departmental Regulations of 7 CFR part 15b define a person with disability as any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such an impairment. "Major life activities" are broadly defined and include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. "Major life activities" also include operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

1) Describe the medical need related to the diet order and "major life activity" (see above) affected. <i>Example: Allergy to peanuts affects ability to breathe.</i>	
2) Explain what must be done to accommodate the medical need:	
Food(s) or Formula to Omit:	Food(s) or Formula to Substitute: If the request is for a food allergy, are foods made in a facility with the allergen acceptable: <input type="checkbox"/> Yes <input type="checkbox"/> No

Complete the back to provide additional details.

Check if a texture modification is requested (use International Dysphagia Diet Standardisation Initiative (IDDSI) terminology)

Foods: Regular Easy to chew Soft & bite-sized Minced & Moist Pureed Liquidised

Liquids: Thin Slightly thick Mildly thick Moderately thick Extremely thick
